To Whom It May Concern:

Aviation High School is planning the 2010 **Aviation High School Job Fair**. We are the largest F.A.A Airframe & Powerplant High School in the United States and have a reputation of graduating the best trained and licensed Aviation Maintenance Mechanics.

The job fair will provide an opportunity for industry to meet and interview graduating seniors who will have their A & P credentials and are ready for employment after graduation in June.

If you plan to participate, please contact Ralph Schmahl, Career Placement Liaison, at the Aviation High School Hangar. Further information is available upon request.
